Dear Parent/Carer,

Re: Casio Graphics Calculator FX-CG50

I am writing to offer you the opportunity to purchase one of these calculators to help your son/daughter with their A level mathematics course. It is a model that they are allowed to take into their examinations and will put them in the best position to compete with other candidates across the country. Consequently, I would whole heartedly recommend that your son/daughter has one. I have been able to secure the purchase of them at the significantly discounted price of £69.95. (At the time of writing this letter these specific models are being sold on Amazon at £117.57 and the RRP is £139.99.)

I have set up two purchase plans:

- (i) To pay for the calculator in full by making a one-off payment
- or
- (ii) To pay an initial amount of £29.95 and then two subsequent monthly payments of £20.00. By choosing this option the calculator will remain the property of the school until the balance has been paid in full.

Should you wish to purchase one of these then a payment can be made via the BGS online payment system. Details of how to make online payments have been issued in personalised letters for each student's parents. If you require a new copy, please contact the Finance Officer, Mrs Rich, at rich@bordengrammar.kent.sch.uk and she will send one out. If cash payments are made, students must deliver them in person to the Finance Officer or Bursar and a receipt will be issued. Cash payments can only be accepted at morning registration or morning break and MUST NOT be posted through the Finance Office letter box.

Please return the attached form detailing the payment plan you wish to take. Once the one-off payment or initial has been received a calculator will be issued to your son/daughter. The deadline for ordering one of these is **Monday 30 September 2024**.

Further to this, Casio are offering a number of free student webinars for the fx-CG50 aimed at supporting students to use this calculator effectively and efficiently for A level Mathematics as well as some 'Topic Deep Dives' into particular areas. Please go to the Casio Education website for more details.

Yours sincerely,

Mrs E Carter
Head of Mathematics

Headteacher: Mr A Tomlin MA NPQH
