Notes for Parents and Students

Students are to wait outside the exam room, quietly, until asked to go inside. There is to be no talking in the exam room before, during or after the exam. Bags should be left outside the room, only taking in black pens, pencil, calculator etc as required for each exam. Pencil cases are to be transparent. Mobile phones must be switched off and will be collected in by an invigilator before the exam commences, or you may leave it in your bag. No watches of any kind are allowed in the exam room; these will be collected by an invigilator before the exam commences, or you may leave it in your bag. In the unlikely event of a student not being present for an exam, the student will be expected to sit the missed exam in the earliest catch-up session that they do not have a timetabled exam.

In relation to afternoon examinations, students who are entitled to additional time, should take this into consideration when organising methods of transport home.
