16 to 19 tuition fund statement

At Borden Grammar School we have used our £561 allocation of the 16 to 19 tuition fund to support students in year 12 improve their GCSE grades in English and Maths. Students who benefitted from this were those who joined year 12 without a grade 5 in these subjects. These students received additional tuition outside of their regular A level timetable to prepare them for November exams.

In English we had 3 students receiving this additional support and all have now gained a grade 5 or better. In Maths, 2 of the students will continue to receive additional tuition as they work towards exams in the summer as they did not attain a grade 5 in November.

Headteacher: Mr A Tomlin MA NPQH
