Dear Parent/Guardian,

Geography revision support sessions in the lead up to the exams

Following the mock examinations, the Geography department will be running a weekly revision session to support those students currently working at grades 3-5. These sessions will be focused on achieving grades 5-7 in the summer examinations and will aim to support the revision which should already be being undertaken by students at home and in lessons. Your son should already have completed his mock examination review and should therefore be able to identify those topics which this additional support is most needed.

The examination dates this year are as follows:

Examination Date
GCSE paper 1 – Tuesday 21 May 2019 - PM
GCSE paper 2 – Wednesday 5 June 2019 - PM
GCSE paper 3 – Thursday 13 June 2019 - AM

As these sessions are aimed at targeting the topics which require most improvement, students should prepare by completing personal revision and reviewing mock examination questions before attending the following sessions in S3. All session will run from 1.10 – 1.50, parents will be notified by email if students fail to attend.

Finally, a reminder that a large number of past papers, mark schemes and examiners reports, are available on the school Moodle site to further support your sons revision at home.

In addition to the revision guide and revision work book your son has been given to support his revision for the examinations.

Yours faithfully
